Wednesday–Friday

## North Coast Forest Conservation Conference

*Healthy Forests, Healthy Communities and Healthy Economies*

### LOCATION

Shone Farm Pavilion  
7450 Steve Olson Lane  
Forestville, California

Speakers, panels, and field trips will address local and regional forestry topics, including forest health, forest management, ecosystem services, climate change, conversion issues, watershed restoration, use of prescribed fire, community forestry, and more. This conference is suitable for land trust and agency staff, forest land managers, foresters, forest and woodland landowners, and students.

Questions? Email: [Forest2012@sonomalandtrust.org](mailto:Forest2012@sonomalandtrust.org).

*Brought to you by the members of the Sonoma County Forest Conservation Working Group\* and the California Northern Region Land Trust Council\*\*.*

\*Group members are CALFIRE, Coast Ridge Community Forest, Fire Safe Sonoma, Forest, Soil & Water, Inc., Gold Ridge and Sotoyome Resource Conservation Districts, Greenbelt Alliance, Santa Rosa Junior College, Sonoma County Agricultural Preservation and Open Space District, Sonoma Land Trust and University of California Cooperative Extension. Their mission: "Protect Forests Across Landscapes and Through Generations."

\*\* Members include, Coastal Land Trust, Friends of the Dunes, Golden State Land Conservancy, Inland Mendocino County Land Trust, Jacoby Creek Land Trust, Lake County Land Trust, Mattole Restoration Council, McKinleyville Land Trust, Mendocino Land Trust, Northcoast Regional Land Trust, Redwood Forest Foundation, Sanctuary Forest, Siskiyou Land Trust, Sonoma Land Trust, and Trinidad Coastal Land Trust. Their mission: "Facilitate conservation of working and wild landscapes of California's Northern Region through strategic planning, training sponsorship, networking opportunities, capacity-building, and public policy advocacy."
